B. Roll Call

1. Roll call showed Chairman de Luna, Commissioner Davis, and Commissioner Neate present. Also in attendance were Director Eppink, Communications Coordinator Gladden, Planning & Operations Manager Smith, Legal Counsel Holland, Business Manager Chaney, and Guests Jeff Burlingame of Chippewa Lake, Gloria Glens Homeowners' Association President Greg O'Connell, and Village of Lodi Mayor Rob Geissman.

II. APPROVAL OF MINUTES

A. September 16, 2020

1. Commissioner Davis offered a motion approving the minutes of the September 16, 2020 meeting as presented. Commissioner de Luna seconded; the motion unanimously carried.

III. PUBLIC PARTICIPATION

A. Chippewa Lake Benches

1. Mr. Burlingame stated he was attending the meeting in support of the discussion regarding installation of memorial benches on "the island" at Chippewa Lake that is currently under lease from the park district to Gloria Glens.
2. Gloria Glens Homeowners' Association President Greg O'Connell asked the board for permission to install replacement memorial benches on "the island" as the holes have been dug, and the bench sites have been prepared for the installation. He said the village wasn't aware of the clause in the lease agreement prohibiting the construction of structures without prior park district approval.
3. Director Eppink suggested that the lease be revisited to clarify what is permissible as far as improvements and the responsibilities of each entity in regard to maintenance, insurance, etc. Commissioner Neate suggested that this process take place in a timely fashion before the association needs to winterize the bench site preparations.
4. Following additional discussion, it was agreed that Director Eppink will contact President O'Connell within the week to establish a meeting date between both entities and legal counsels to formulate either an addendum to the current lease or an updated lease to supercede the existing lease.
 - a. Mr. Burlingame left the meeting at this time.

B. Lodi Village Land Acquisition Concerns

1. Village of Lodi Mayor Rob Geissman shared council's concerns over a proposed 49.1-acre park district acquisition within the village. The concerns include loss of tax and economic revenue from desired residential growth, the loss of revenue the village has already invested in installation of water lines in the area, and the amount of land the park district already owns in the village in relation to the overall size of the village.
2. Director Eppink explained that the property owner is ready to sell now as the land has been on the market for several years, the property owner prefers that the land become a park, and that this property would provide access to the park district's existing 104 acres that currently have no public access point.
3. Director Eppink stated that the property owner prefers to sell the entire acreage in one transaction but is willing to provide time for the entities to explore the option of a split between the park district and the village. The park district is happy to work with the village in this fashion providing purchase agreements can be executed quickly. The park district has a November 30 Clean Ohio Fund grant application deadline and cannot miss the opportunity to receive a grant to fund this and other existing land-acquisition projects.
4. Mayor Geissman said there is less than a 50 percent chance the village can finance such a purchase at this time. He will, however, contact Director Eppink after the village's evening planning commission meeting.
