4622 Fenn Road, Medina
Bluegill and largemouth bass (not actively stocked)

Why Do Some Bodies of Water Require a Fishing License?

An Ohio fishing license is required for individuals 16 or older to fish in park district lakes and ponds designated as “public waters” by the State of Ohio. A license is not required to fish in other bodies of water owned or managed by the park district. Please see the guide below to make sure you are in compliance with license requirements based on where you are fishing.

Plum Creek Park North - .35-acre pond

2390 Plum Creek Parkway, Brunswick Hills
Stocked with rainbow trout, bluegill, channel catfish, and largemouth bass

Plum Creek Park South - .25-acre pond

2500 Plum Creek Parkway, Brunswick Hills
Stocked with rainbow trout, bluegill, channel catfish, and largemouth bass

River Styx Park - 3.5-acre pond

8200 River Styx Road, Wadsworth/Guildford Twp.
Stocked with rainbow trout, bluegill, channel catfish, and largemouth bass

The Lodge at Allardale - .7-acre pond

141 Remsen Road, Medina (Granger Twp.)
Catch and release only
Stocked with bluegill, channel catfish, and largemouth bass

Fishing Regulations

Park waters open to fishing are subject to posted restrictions deemed necessary by the park district to ensure and maintain safe, quality fishing areas. All white amurs are protected and, if caught, shall be released immediately.

In areas deemed “public waters” by the State of Ohio, fishing is permitted and subject to state fishing statutes. A fishing license shall be required by anyone 16 years or older while fishing in areas deemed “public waters” by the State of Ohio.

All fishing lines shall be attended at all times. Unattended lines are subject to confiscation.

Frog gigging, trotlines, archery fishing, turtling, and feeding of wildlife are strictly prohibited. The introduction of aquatic animals is also prohibited.

Medina County parks are open daily from 8 a.m. to dark. The public boat launch ramp at Chippewa Lake is open 24 hours per day.

Ice fishing is permitted at all open parks. The park district does NOT monitor the ice thickness but recommends that ice be a minimum 4" thick before going on it. State regulations apply to type and quantity of equipment, including the amount of poles and/or tip-up rigs, etc. Individuals may use portable ice shanties.

Stocking

Lakes and ponds are managed by trained natural resource staff and stocked in April and November with a variety of game fish.

Trails

Medina County
Park District

Allardale

Inner Loop (red) - .5 mile (paved)
Green Trail - .5 mile (natural)
Outer Loop (blue) - 1 mile (natural)
