

Winter Re-Tweet

Saturdays: January 12 and 19

Sundays: January 13 and 20

Susan Hambley Nature Center - 12 to 5 p.m.

Feeding and watching birds is a great way to brighten up a winter day and it's a constant source of entertainment. There's action, comedy, drama, and, sometimes a song. It is all there at your backyard bird feeders. Occasionally, a surprise visitor will show up like a deer or a wild turkey. At this program, there will be information and displays on the best types of feeders to use, buying bird seed that works, and which birds visit our feeders during the wintertime. We'll answer these questions and more as we watch and enjoy these beautiful creatures at our bird feeding area. There will be bird crafts, games, and displays. All ages are welcome. No registration is required. Free.

Susan Hambley Nature Center is located at 1473 Parschen Blvd. In Brunswick.
