Activities

Biking (SEE PAGE 4 and 5)
- Chippewa Inlet Trail - 3.95 mile (asphalt and crushed limestone trail)
- Chippewa Rail Trail - 2.75 miles (asphalt)
- Lake Medina - 1.63 miles (asphalt)
- Lester Rail Trail - 3.5 miles (crushed limestone)

Canoeing/Kayaking/ Motor Boating
We allow canoes, kayaks, and small rowboats on all waters of the district. They must be registered and have safety equipment on board. Motor boats may only be used on Chippewa Lake. The launch ramp for Chippewa Lake is located at 7830 Westfield Landing Road in Westfield Township. There is a 399 horse-power limit on Chippewa Lake.

Cross-Country Skiing
- Allardale
- Buckeye Woods Park
- Chippewa Inlet Trail
- Chippewa Rail Trail
- Green Leaf Park
- Hubbard Valley Park
- Killbuck Lakes
- Lake Medina
- Lester Rail Trail
- Letha House Park
- Medina Marsh
- Plum Creek Park
- Princess Ledges Nature Preserve
- River Styx Park
- Schleman Nature Preserve
- Wolf Creek Environmental Center

Horseback Riding
- Allardale East
- Letha House Park East - Great Horned Owl Bridle Trail - 1.6 miles (natural)

Picnic Shelters (open air) subject to availability
- Allardale West
- Buckeye Woods Park
- Carolyn Ludwig Mugrage Park
- Green Leaf Park
- Hubbard Valley Park
- Letha House Park East
- Plum Creek Park North and South
- River Styx Park

Playgrounds
- Buckeye Woods Park (2)
- Carolyn Ludwig Mugrage Park
- Green Leaf Park
- Letha House Park West
- Plum Creek Park South
- River Styx Park

Sledding
- Allardale
- Carolyn Ludwig Mugrage Park
- Green Leaf Park
- Hubbard Valley Park

Sports Fields subject to availability
- Buckeye Woods Park (baseball and soccer)
- Green Leaf Park (football)

Fishing (SEE PAGE 2)

Trails (SEE PAGE 3)
Why Do Some Bodies of Water Require a Fishing License?

An Ohio fishing license is required for individuals 16 or older to fish in park district lakes and ponds designated as “public waters” by the State of Ohio. A license is not required to fish in other bodies of water owned or managed by the park district. Please see the guide below to make sure you are in compliance with license requirements based on where you are fishing.

Stocking  Lakes and ponds are managed by trained natural resource staff and stocked in April and November with a variety of game fish.

Fishing Opportunities

Brunswick Lake - 13.2-acre lake
Susan Hambley Nature Center
1473 Parschen Blvd., Brunswick
Bluegill, sunfish, common carp (non-native), catfish, smallmouth bass, largemouth bass, rainbow trout, and turtles

Buckeye Woods Park - 3-acre pond
6335 Wedgewood Road, Medina
Rainbow trout, bluegill, channel catfish, and largemouth bass

Carolyn Ludwig Mugrage Park - 3-acre pond
4985 Windfall Road, Medina
Rainbow trout, bluegill, channel catfish, and largemouth bass

Chippewa Lake - 325-acre lake and inlet
Fishing license required for ages 16+
Bluegill sunfish, pumpkinseed sunfish, green sunfish, black crappie, white crappie, largemouth bass, brown bullhead, channel catfish, white perch (non-native), common carp (non-native), white sucker, bowfin, gizzard shad, northern pike, yellow perch, and saugeye (saugeye are stocked by ODNR)

Green Leaf Park - .85-acre pond
1674 S. Medina Line Road, Sharon Center
Bluegill, channel catfish, and largemouth bass

Hubbard Valley Park - 21-acre lake
8600 Hubbard Valley Road, Seville
Fishing license required for ages 16+
Stocked with largemouth bass, channel catfish, and black crappie

Killbuck Lakes West - 47-acre lake
7996 White Road, Burbank/Westfield Twp.
Rainbow trout, channel catfish, and walleye

Krabill Shelter - 1-acre pond
7597 Ballash Road, Medina
Bluegill, channel catfish, and largemouth bass

Lake Medina - 103-acre lake
State Route 18 or 3733 Granger Road, Medina Twp.
Channel catfish, black crappie, and walleye

Letha House Park West - 7-acre lake
5800 Richman Road, Spencer
Catch and release only
Bluegill, channel catfish, and largemouth bass

Medina Marsh - .85-acre pond
4266 Fenn Road, Medina
Bluegill and largemouth bass (not actively stocked)

Plum Creek Park North - .75-acre pond
2390 Plum Creek Parkway, Brunswick Hills
Bluegill, channel catfish, and largemouth bass

Plum Creek Park South - .35-acre pond (currently not open for fishing)
2500 Plum Creek Parkway, Brunswick Hills
Bluegill, channel catfish, and largemouth bass

River Styx Park - 3.7-acre pond
8200 River Stxy Road, Wadsworth/Guildford Twp.
Rainbow trout, bluegill, channel catfish, and largemouth bass

The Lodge at Allardale - .7-acre pond
141 Remsen Road, Medina (Granger Twp.)
Catch and release only
Bluegill, channel catfish, and largemouth bass

Fishing Regulations

Park waters open to fishing are subject to posted restrictions deemed necessary by the park district to ensure and maintain safe, quality fishing areas. All white amurs are protected and, if caught, shall be released immediately.

In areas deemed “public waters” by the State of Ohio, fishing is permitted and subject to state fishing statutes. A fishing license shall be required by anyone 16 years or older while fishing in areas deemed “public waters” by the State of Ohio.

All fishing lines shall be attended at all times. Unattended lines are subject to confiscation.

Frog gigging, trotlines, archery fishing, turtling, and feeding of wildlife are strictly prohibited. The introduction of aquatic animals is also prohibited.

Medina County parks are open daily from 8 a.m. to dark. The public boat launch ramp at Chippewa Lake is open 24 hours per day.

Ice fishing is permitted at all open parks. The park district does NOT monitor the ice thickness but recommends that ice be a minimum 4” thick before going on it. State regulations apply to type and quantity of equipment, including the amount of poles and/or tip-up rigs, etc. Individuals may use portable ice shanties.

**Key**

- Aggregate = crushed limestone
- Natural = dirt
- Paved = asphalt
Bicycling in Medina County Parks

Medina County Park District Bike Trails

Medina County Park District offers several multipurpose trails where cyclists of different ages and abilities can enjoy riding and experience nature. Trails are mostly flat with asphalt or crushed limestone surfaces. Restrooms are available at most trail locations.

New to cycling? Looking for others to ride with? Join our Cycling Makes Sense Fitness Rides presented each summer in partnership with Century Cycles. These are non-aggressive, six- to ten-mile rides on multipurpose trails. You’ll also get tips on how to keep yourself and your bicycle fit. It’s for ages 16 and older. Helmets are required. For dates, visit the seasonal program guide at www.MedinaCountyParks.com.

Bike Safety and Trail Etiquette

- Always wear a helmet.
- Wear high-visibility clothing. Install front and rear lights on your bike to make yourself visible to motorists and other trail users.
- Stay hydrated by drinking plenty of water.
- Fast riding is inappropriate for trails. Respect the rights of others to have safe and enjoyable experiences on the trail.
- Don’t block the trail by riding two or more abreast.
- Installing a bell on your bike is a good idea, too. When approaching another trail user from behind, politely let the person know you’re there by gently ringing your bell and saying, “Passing on your left.” Don’t startle the person you’re passing by waiting until you are right behind him/her.
- Bicycles are prohibited on nature trails.

Chippewa Rail Trail
5700 Chippewa Road, Medina
Length: 2.4 miles
Surface: Asphalt

Once part of the Baltimore and Ohio Railroad, this section of track was used to ship blocks of ice harvested from Chippewa Lake. The railroad also transported generations of visitors to the former Chippewa Lake Amusement Park. Restrooms are available at the Chippewa Road trailhead.

Riding tip: This tree-lined trail is a good destination on a hot day since the trees along much of the trail keep it shaded and cool. The terrain descends slightly from Medina into the heart of the Chippewa Lake Watershed, making for an almost effortless ride north to south.

Chippewa Inlet Trail
North parking lot: 5803 Lafayette Road, Medina
South parking lot: 6105 Chippewa Road, Medina
Length: 3.95 miles
Surface: Asphalt and crushed limestone

You’re likely to see a variety of waterfowl and other wildlife as you ride through the extensive system of streams and wetlands that feed Chippewa Lake -- Ohio’s largest natural inland lake. The land here once was covered by a bog forest and later mined for peat. Approximately 2.9 miles of the trail is paved while the balance is crushed limestone. Restrooms are available at the parking lots and just off the trail in Buckeye Woods Park.

Riding tip: Chippewa Rail Trail and the Chippewa Inlet Trail run loosely parallel to each other with trailheads a little less than one mile apart on Chippewa Road. For cyclists who don’t mind riding a short distance on the road, it’s an easy way to connect the two trails.

Lake Medina Trail
State Route 18 entrance: Just west of Signature Square shopping plaza
Granger Road entrance: 3733 Granger Road, Medina
Length: 1.75 miles
Surface: Asphalt

The 103-acre Lake Medina reservoir was constructed in the 1960s as the water supply for the city. Though no longer utilized as a water source, the former pump house on the lake is a reminder of its history. The trail runs along the West Branch of the Rocky River, crosses the river channel with bridges and boardwalks, and provides safe crossing of State Route 3 and Reagan Parkway utilizing crosswalks and a pedestrian signalization system.

Riding tip: The north end of the Lake Medina Trail links to the city of Medina’s all-purpose trail that runs along East Reagan Parkway. From there, riders can gain access to the city’s Reagan Park and its more than ten miles of mountain bike trails.

Lester Rail Trail
3654 Lester Road, Medina
Length: 3.5 miles
Surface: Crushed limestone

Lester Rail Trail is Medina County’s first example of conversion of a former rail corridor for public use as a bike-hike trail. Parking is available at the Lester Road trailhead and behind the Medina County Career Center, 1101 West Liberty Street, Medina.

Riding tip: In mid- to late-summer, watch for the scarlet blooms of the cardinal flower -- a native wildflower that grows in the wet woods along the trail. It relies on hummingbirds, which like to feed on its nectar, for pollination. The flower’s name comes from the bright red robes worn by Roman Catholic Cardinals. Lester Rail Trail is also home to Northeastern Ohio Live Steamers, which offers free public rides on its miniature railroad. See the seasonal program guide at www.MedinaCountyParks.com for dates.

Montville Connector Trail
Length: .5 mile
Surface: Asphalt

Montville Trail offers recreational opportunities for Medina’s southern neighborhoods and improved access to the Chippewa Rail Trail from the city. Because it is a connector trail, there is no public parking here.

This ten-foot-wide multipurpose trail starts at Waterbury Drive in Montville Township and extends west for a little less than one mile to Grovewood Lane in Lafayette Township with additional access points at Vineyard and Ivandale drives. Montville Trail users can continue west on Grovewood Lane to Wycliffe Drive for access to the northern end of Chippewa Rail Trail.
